

Tee up **more solutions** for your clients.

We're more than meets the eye.

Most vision carriers can't connect vision care to overall health the way we can. Because our optometrists and ophthalmologists work within our integrated care delivery system, they're able to connect to our larger team of medical professionals.

During a routine eye exam, members are screened for hypertension, glaucoma, retinal detachments, and other eye conditions. With optometrists and ophthalmologists working side by side, it's easy to refer members to specialty care if medically necessary.

Our Vision Essentials stores are conveniently located with optometry and ophthalmology in many of our medical facilities. Members will find a broad selection of high-quality, competitively priced eyewear products—prescription lenses, fashionable frames, contact lenses, and sunglasses. We manufacture our lenses at our own state-of-the-art labs, providing top-notch quality.

Your clients can visit kp2020.org to view promotions in their area. For more information, contact your sales executive or account manager.

by KAISER PERMANENTE®

Kaiser Permanente members typically have coverage for medically necessary eye examinations, and some members, including those members with the pediatric vision benefit under their Affordable Care Act plan, may be able to apply a supplemental benefit to their purchases. Otherwise, the services and products described here are provided on a fee-for-service basis, separate from and not covered under your health plan benefits, and you are financially responsible to pay for them. For specific information about your covered health plan benefits, please see your *Evidence of Coverage*. Photo of model, not actual patient.

In Southern California only frames from the Value Collection and only Value Progressives are valid for package pricing. See store for list of valid frames and lenses. Not valid for lens material upgrades. Not valid with other special packages or percentage discounts.

Vision Benefit Options

At Kaiser Permanente, we offer a wide range of benefit plans to meet your employees' needs. For select small businesses, individuals, and family clients, there is a 20% discount available on glasses and contact lenses. We can also customize most optical benefit plans.

SEPARATE ALLOWANCE PLANS—Our newest plans provide a variety of allowances for frames and contacts.		
BENEFIT	DESCRIPTION	FREQUENCY
Eye examination	Covered by your Kaiser Permanente Health Plan benefit. Includes eye health exams and new/updated prescriptions. No referral needed to schedule an eye exam. Online booking is available at kp2020.org .	No limit
Fitting for prescription glasses	No copay	No limit
Available frames allowances	From \$100 to \$300.	12 or 24 months
Available contact lens allowances	From \$100 to \$300. Online contact lens refills are available at kp2020.org .	12 or 24 months
Eyeglass lenses	Included at no member cost. Covers single-vision, lined bifocal, and lined trifocal lenses. Includes polycarbonate for children.	12 or 24 months
FLAT ALLOWANCE PLANS—We also offer these plans, which provide a single allowance for all prescription eyewear.		
BENEFIT	DESCRIPTION	FREQUENCY
Eyeglass lens, frames, and contact lens allowance	\$100 \$125 \$150 \$175 \$200 \$250 \$300 \$350 Flat allowances can be applied towards frames, lenses, and options such as anti-reflective coating and tints. Any portion of the allowance not exhausted at the initial point of sale (same day) may not be used at a later time.	24 months
ADDITIONAL SERVICES		
Extended warranty plans	We also offer protection plans for your glasses that help cover the cost of a new pair if they are damaged, and offer savings on back-up pairs of glasses. These plans are available for purchase.	
30-day money-back guarantee	If members aren't satisfied with their prescription eyeglasses, they can exchange or return them for a complete refund within 30 days of delivery, less the stated benefit, as applicable.
