**CHOOSE DENTAL + MEDICAL:
BETTER TOGETHER**

Our dental, medical, and insurance services all work together to help your employees stay healthy and productive, while helping reduce health care costs for your business. With one carrier for your health coverage, there’s just one point of contact, one number to call, and one bill. Did you know that Kaiser Permanente members with both medical and dental coverage weigh less, smoke less, and visit the emergency department less often?¹

Plus, members with both medical and dental coverage through Kaiser Permanente can experience the benefits of total health integration, including:

- Having one electronic health record that enables collaboration between the medical and dental teams
- Taking care of minor medical needs, such as vaccinations, at their dental appointment²
- Managing their care seamlessly and efficiently on kp.org and the Kaiser Permanente app

For more information about medical plans, visit account.kp.org.

Our mouths are home to our smiles, and that’s just the start. They’re the source of nutrition and defend against infection. They shape our words and help us express ourselves. And when our mouths are healthy, we have more reasons to smile.

Dental health is our cause

Why Kaiser Permanente? We believe in total health, beginning with quality dental and oral care. That’s why we hire skilled, knowledgeable, highly trained dentists and hygienists. Our provider compensation system helps reduce the motivation to either overtreat or undertreat a patient’s dental health condition. Our providers focus on providing the right care at the right time. That’s why every member gets a personalized prevention and treatment plan.

Teamwork

Our dentists know dental care is an important part of overall health. Our dentists and dental staff work closely together with our doctors and medical staff. That’s because they’re all part of our integrated care delivery system.

Our philosophy of care

We follow research that shows what dental practices work best. We emphasize preventive care to help keep teeth and gums healthy. Your employees will receive a personalized prevention and treatment plan after we assess their risk for dental disease. We might suggest other steps to improve overall health because those steps may improve dental health, too.

¹Kaiser Permanente Center for Health Research, Comparison of HEDIS Outcomes Among Dental/Medical vs. Medical Only Population, 2013.

²Medical services are available at select dental locations. You must be enrolled in a Kaiser Permanente medical plan to receive medical care.

Know what's important

Choice

Our dentists and dental hygienists play an important role in helping keep your employees healthy. When members call for their first appointment, we schedule them with a dentist and hygienist at the dental office they choose. After the first appointment, they can let us know if they'd like that dentist and hygienist to be their personal dental care providers. Or they may request different ones. If at any time members are not satisfied, they may change their dentist or dental hygienist.

Convenience

We have 21 dental offices in the Portland-Vancouver metro area, Longview, Salem, and Eugene, so there's sure to be one that's convenient for your employees. Our dental group has pediatric dentists, orthodontists, periodontists, oral surgeons, endodontists, and prosthodontists should any of your employees or their family members need to see a specialist. This makes specialist referrals and teamwork easy.

Quality

We set high standards for our Dental Program. For more than two decades, we've received the highest level of accreditation from the Accreditation Association for Ambulatory Health Care (AAAHC).¹ This means our Dental Program has met rigorous national standards. Currently we are the only dental practice in the Pacific Northwest with AAAHC accreditation. We also have received dental home accreditation from the AAAHC for all 21 of our dental offices. Our dental home is the first in the Northwest — and the third in the nation — to become accredited. With a dental home, your employees have a personal dentist who directs all their care, referrals, and follow-up visits.

But perhaps a more important measure of quality is customer satisfaction: 95% of our members would recommend Kaiser Permanente Dental to family and friends.²

KEEP THEM SMILING

Invest in dental care for healthy and productive employees.

Some terms you should know

Annual benefit maximum:

The maximum amount that we will pay per member, per calendar year, for all covered services.

Annual deductible:

The amount a member must pay in a calendar year for certain services before we will cover those services at the copay or coinsurance in that calendar year.

Annual out-of-pocket maximum:

The maximum dollar amount of copays and coinsurance you'll pay for certain covered services in a calendar year.

Coinsurance:

A percentage of charges a member pays for covered services.

Copay:

A specific dollar amount a member pays for covered services.

PPO:

Preferred provider organization.

Usual and customary charge:

With respect to any one service or supply, a charge for treatment that is the lesser of the following:

- The usual charge made by the provider for that treatment
- The customary charge made by a provider of similar professional standing within the same, or similar, geographic area for that treatment

Kaiser Foundation Health Plan of the Northwest (KFHPNW) determines such charges at the 90th percentile of the standard fees for that area where the service was received.

All our dental plans offer preventive care without sacrificing coverage for other dental needs.

With PreventaMax, costs for preventive care do not count toward a plan's annual benefit maximum. PreventaMax promotes preventive care, which can lead to better oral and total health. Preventive care includes oral exams, X-rays, routine cleanings, fluoride treatments, and space maintainers. Get better overall care without giving up coverage for fillings, crowns, and other dental procedures.

With other dental carriers' maximum rollover plans, preventive care may be delayed to "save up" benefits for major dental expenses, like crowns. As a result, checkups, cleanings, and other restorative care may be put off for a year or more. That can lead to poorer overall oral and total health — and higher costs — over the long run.

PreventaMax plans are offered as Traditional Dental plans and Dental Choice (PPO) plans. All dental plans are available to groups with as few as 2 employees and a minimum of 1 member enrolled.

PREVENTAMAX PLANS

Traditional Dental and Dental Choice

Traditional Dental

Our Traditional Dental plan emphasizes evidence-based preventive care. With a copay, members can get a routine exam with X-rays, a cleaning, and fluoride treatment. Care is provided by our own staff of dentists, hygienists, and specialists.

Dental Choice

Dental Choice features a preferred provider organization (PPO) with more than 9,300 dentists in Oregon and Washington and more than 415,000 preferred dentists nationwide. It also covers care by nonparticipating providers.

Dental Choice gives employees additional provider choices and different out-of-pocket costs based on their use of PPO vs. non-PPO dentists, and no referrals are required.

In the example below,* PreventaMax members have an extra \$552 to use on other services, like fillings. PreventaMax is available on our Traditional Dental plans and Dental Choice (PPO) plans.

ANNUAL PREVENTIVE CARE	MEMBER PAYS	WE PAY	ANNUAL MAX REMAINING WITHOUT PREVENTAMAX	ANNUAL MAX REMAINING WITH PREVENTAMAX
TWO CLEANINGS	\$0	\$190	\$1,310	\$1,500
TWO EXAMS	\$0	\$114	\$1,196	\$1,500
ONE SET OF X-RAYS	\$0	\$134	\$1,062	\$1,500
ONE PANORAMIC X-RAY	\$0	\$114	\$948	\$1,500

We use our dental group, which includes dentists, specialists, and hygienists, to care for members.¹ For more than 2 decades, we've earned the highest level of accreditation from the Accreditation Association for Ambulatory Health Care (AAAHC). In fact, Kaiser Permanente is 1 of only 5 dental practices in the nation accredited as a dental home by the AAAHC. We are the first and only in the Northwest to achieve this distinction.² With a dental home, your employees have a personal dentist who directs all their care, referrals, and follow-up visits.

But the real measure of quality is customer satisfaction: 95% of our members would recommend us to family and friends.³

What do you get when you combine quality and affordability? Our Traditional Dental plan.

Personalized care

Members are encouraged to choose a personal dentist and hygienist. These personal care teams get to know patients and their specific needs. That helps members get the care that's right for them. Members can change dentists or hygienists anytime they wish.

Every member gets a dental health assessment and a personal treatment plan.

Coordinated care

Our dental and medical plans work together. Members of our dental plans receive health screenings, including head and neck cancer screenings and blood pressure checks. With our integrated medical and dental electronic health record system, if members need an vaccination or have a health concern, our dental clinics can help them get the care they need.

Several of our dental offices are co-located with a medical office, making access more convenient. Additionally, we are adding locations and services where medical and dental care can be integrated to provide warm hand-offs for same-day and next-day appointments for minor injuries, minor illnesses, and preventive services.

These plans are subject to exclusions and limitations. A complete list of the exclusions and limitations is included in the *Evidence of Coverage (EOC)*. To get a copy of the *EOC*, please contact your sales executive or account manager.

A choice of PreventaMax plan designs

Most levels of Traditional Dental are available with 3 different annual deductibles. You can choose a plan with no annual deductible, a \$50 annual deductible (\$150 per family), or a \$100 annual deductible (\$300 per family). Annual deductibles are based on the calendar year.

Family orthodontia care options: Each plan when purchased with a \$100 annual deductible may be purchased with (or without) cosmetic orthodontia coverage.

Family implant coverage options: Each plan when purchased with a \$100 annual deductible may be purchased with (or without) implant coverage.

Stand-alone pediatric plans: As part of the Affordable Care Act, pediatric dental coverage for members is required by law. All our medical plans are offered along with a federally compliant pediatric plan as part of the essential health benefit package. We offer 3 Traditional PreventaMax plan options as well as 3 Dental Choice PreventaMax plans.

Easy access to care

We have 21 dental offices to choose from, so your employees can easily find a dentist near home or work. We have offices in Portland, Salem, Oregon City, Tigard, Beaverton, Hillsboro, Gresham, Clackamas, Vancouver, Longview, and Eugene.

Offices are open Monday through Friday. Many offices are also open on Saturdays for hygienist services and emergencies.

The choice employees want at a price you can afford. Everybody wins!

You can offer Dental Choice if you qualify as a small employer and have at least 2 members enrolling. The plan gives your employees access to a nationwide PPO of more than 415,000 dentists. It includes more than 9,300 dentists in Washington and Oregon, including our own Permanente Dental Associates.

Dental Choice members never need a referral. They can see both PPO and nonparticipating dentists.

PPO purchasing power

PPO dentists have agreed to charge fees that are up to 20% to 50% less than usual and customary dental fees.

Dental Choice covers a percentage of these already low fees:

- For regular checkups, the plan covers 80% to 100%.
- Coverage for other types of work ranges from 50% to 100%.

When members see a nonparticipating dentist:

- The plan covers up to the 90th percentile of usual and customary fees for the service (less any applicable coinsurance and copays).
- Members pay the balance of the charges.
- Nonparticipating dentists may charge more than usual and customary rates. Members' out-of-pocket costs may be higher if they see a nonparticipating dentist. Any charges in excess of usual and customary fees may apply.

These plans are subject to exclusions and limitations. A complete list of the exclusions and limitations is included in the *Evidence of Coverage (EOC)*. To get a copy of the *EOC*, please contact your sales executive or account manager.

Family orthodontia care options: Each plan when purchased with a \$100 annual deductible may be purchased with (or without) cosmetic orthodontia.

Stand-alone pediatric plans: As part of the Affordable Care Act, pediatric dental coverage for members is required by law. All of our medical plans are offered along with a federally compliant pediatric plan as part of the essential health benefit package.

Fast, accurate administration

Participating providers have agreed to file claims for members. Nonparticipating dentists may request payment up front. Members would then need to file a claim form, which the dental office can help them fill out.
