

## Occupational Health and Safety Services

# Helping keep your employees safe, healthy, and productive

Whether your employees need work-related injury care, employment exams, or medical screenings, Kaiser Permanente On-the-Job™ helps get them back to work safely and quickly.

We specialize in injury care provided by board-certified occupational medicine doctors and specially trained providers who are all dedicated to helping keep your employees healthy and productive. Plus, your injured workers don't need to be covered by a Kaiser Permanente health plan to receive occupational health services at our 4 locations.

## Kaiser Permanente On-the-Job services

### Workplace injury and illness treatment

Prompt treatment, care coordination, and case management to help workers get well and back on the job, including:

- Initial assessment
- Follow-ups
- Disability management
- Safe return to work
- Specialty care
- Radiology imaging services
- Prescriptions

### Physical therapy

Rehabilitation services are integrated into each of our clinics. Our staff will work closely with a patient's medical provider to tailor a specialized recovery plan that's right for them.

### Employment physicals

- Preplacement and post-offer screenings
- Physical capacity screening
- DOT/DMV evaluations
- Fitness-for-duty evaluations
- Return-to-work evaluations

### Screening services

- Respirator clearance
- Medical surveillance
- Silica exams
- Firefighter and police examinations
- Hearing conservation
- Vision screening
- Blood-borne pathogen testing
- Asbestos evaluation
- Lead surveillance
- Urine specimen collection for drug screening
- Hazardous waste worker evaluations
- Beryllium surveillance testing

### Vaccinations

We offer a full range of vaccinations and immunity testing services, including one-time vaccinations and a comprehensive set of antibody titers.

### LEARN MORE

You don't have to wait for an accident or illness. Call us or go online to learn more about workplace health services.
