Medical groups

The Permanente Medical Group, Inc.

- 9,221 physicians, including primary and specialty care

The Permanente Medical Group's innovative, personalized, and technologically advanced approach to health care is raising the bar in making high-quality health care more connected, more convenient, and more accessible. Our collaborative and coordinated approach to medical care enables physicians in every specialty to work together – applying sophisticated technology and high levels of medical expertise to benefit your employees.

While our doctors care for most of our members, those enrolled in our point-of-service (POS), PPO, and out-of-area indemnity plans may receive care from either a PHCS Network provider (8,195 primary care physicians and 27,289 specialists), through a contracted arrangement, or from licensed providers nationwide.

Pharmacies

We own and operate more than 170 pharmacies in Northern California. In areas without a Kaiser Permanente pharmacy, we contract with outside pharmacies to provide prescription drug services. Members also have the option of refilling most prescriptions online, over the phone, or through our mobile app.

Medical facilities

Medical offices

We own and operate 242 medical offices in Northern California.

Medical centers and hospitals

There are 21 Kaiser Permanente-owned and -operated medical centers in Northern California. POS and PPO members have access to PHCS Network hospitals in California.

For medically necessary specialty care, our primary care doctors can refer members to Kaiser Permanente specialists.
