WHY CHOOSE KAISER PERMANENTE

Small businesses come with big growing pains. Finding a solid health plan shouldn't be one of them. Work smarter and healthier with affordable care and coverage from Kaiser Permanente.

Value

Your employees see doctors who are motivated by outcomes, not profits — so you get the most value for your health care dollars.

Our integrated care delivery model means built-in cost control. And stable rates help give you the freedom — and confidence — to grow your business.

Quality

Kaiser Foundation Health Plan of the Northwest commercial plans tied for the highest rating in Oregon and Washington, according to the 2020–2021 Health Insurance Plan ratings from the National Committee for Quality Assurance (NCQA).¹

Choice

Your employees have access to more than 1,250 Kaiser Permanente doctors across Oregon and Southwest Washington, plus a network of providers and specialists, including The Portland Clinic.²

Convenience

In addition to in-person care, telehealth options like email, phone visits, and video visits can help employees get care when and where they need it, saving them — and you — valuable time and money.

¹The NCQA's Health Insurance Plan Ratings are based on combined scores for health plans in HEDIS® (Healthcare Effectiveness Data and Information Set); CAHPS® (Consumer Assessment of Healthcare Providers and Systems); and NCQA Accreditation standards scores. HEDIS® is a registered trademark of the National Committee for Quality Assurance (NCQA). Accessed January 2021. healthinsuranceratings.ncqa.org

²Some specialty care services are accessed through referral and prior authorization. The Portland Clinic is not available as an in-network provider to members on Medicaid, receiving full Medical Financial Assistance from Kaiser Permanente, or visiting from another Kaiser Permanente region.

Senior Advantage plans cannot be modified. Kaiser Permanente is a plan with a Medicare contract. Enrollment in Kaiser Permanente depends on contract renewal. Benefits, premiums and/or copays/coinsurance may change on January 1 of each year and at other times in accord with your group’s contract with us. The formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

*The Part D prescription drug gap begins when total drug costs (Kaiser Permanente share plus your copay or coinsurance) for the year to date total \$4,430.

These plans are subject to exclusions and limitations. A complete list of the exclusions and limitations is included in the *Evidence of Coverage (EOC)*. To get a copy of the *EOC*, please contact your sales executive or account manager.

Plan highlights

Out-of-pocket maximum: All benefits displayed accumulate to the out-of-pocket maximum.

Pediatric benefits: All plans include pediatric vision exams at \$0 and pediatric vision hardware at no charge for 1 pair standard frames with lenses, conventional or disposable contact lenses in lieu of eyeglasses (limited to 1 pair per year for conventional lenses or up to a 6-month supply of disposable contact lenses per year); no charge for low vision aid from selected list or medically necessary contact lenses.

Pediatric dental coverage is required, and we offer a choice of 6 different plans (please see the dental brochure).

Standard plans: Standard plans are designed by the state of Oregon and cover only essential health benefits.* These plans have the same benefits from one company to the next so consumers can compare like plans across carriers that offer qualified health plans to small employers.

Alternative care (self-referred)

Visit chpgroup.com for a list of providers. If purchased with Added Choice plans, these benefits may be used at CHP, PPO, and other nonparticipating providers and facilities.

Explanation of Added Choice benefits

Select provider services, in most cases, are provided by select providers and select facilities. *The Evidence of Coverage (EOC)* provides a complete definition of select providers and select facilities and explains when select provider services are provided by other providers and facilities.

PPO provider services are provided by PPO providers and facilities. Refer to the *EOC* for a complete definition of PPO providers and facilities.

Nonparticipating provider services are provided by nonparticipating providers and facilities. Refer to the *EOC* for a complete definition of nonparticipating providers and facilities.

Deductible and out-of-pocket maximum amounts cross-accumulate between select providers and PPO providers. There is a separate deductible and out-of-pocket maximum amount for nonparticipating providers, which does not accumulate across any other provider networks.

Bundled plan options when you purchase coverage outside the health insurance exchange

You can offer 2 or 3 medical plans in a bundle, with the limitation that there can only be 1 Added Choice plan per bundle. Once you select your plan offerings, employees choose the plan that best meets their needs.

*These plans may not be sold with additional coverage such as adult vision hardware and eye exam and alternative care. Only medically necessary eye exams are covered. These plans exclude the following benefits: Physician Referred Alternative Care, Dependent Out of Area, and Infertility diagnosis.

INTEGRATED EYE HEALTH

We treat eye health as a component of total health, not in isolation. When you choose the vision option, you're choosing the option that is more convenient and connected, which can help uncover major health issues and lead to better health outcomes.

DENTAL COVERAGE

Investing in dental health helps keep your employees happy, healthy, and productive. Our Traditional dental plans allow you to choose from a wide range of options including deductibles or office visit copays. If you would like more flexibility, the Dental Choice PPO plans are designed for choice — providing comprehensive coverage, while allowing members to see any dentist.
